NIFL ENERGY MINUTE - INSULATE

AUBURN, Ind. – In an effort to help customers manage winter heating bills, Northern Indiana Fuel & Light (NIFL) today releases the fifth in a series of ongoing public service announcements called “Energy Minute” to print and broadcast media outlets across NIFL’s service area. These tips are aimed at helping customers manage their energy bills this winter heating season by using energy wisely.

Insulate. Make sure your home has a minimum of R-38 insulation in crawl spaces and attics. By adding insulation, your home will be warmer in the winter and cooler in the summer. For these and other tips on how to manage your winter heating bills, log onto www.niflco.com.
